Dec. 26—Robert Jackson, Assistant Attorney General.

Dec. 30—Secretary Ickes (in one of his hottest).

Jan. 3—Roosevelt's Message to Congress. (Will be delivered in person over national hook-up and will add wages-hours act.)

Jan. 8—Roosevelt's Jackson Day dinner speech.

Jan. 10—Maury Maverick, fighting Congressmen from Texas.

Jan. 13—Senator Bob LaFollette.

Jan. 30—Mariner Eccles, Chairman Federal Reserve Board.

In addition to the above, New Deal strategists are planning an average of two radio speeches every week during the duration of Congress.

Radio vs. Newspaper

It is no accident, furthermore, that this campaign is built entirely around radio. Furthermore it was no accident that Roosevelt last week unleashed his blast against a large percentage of the press.

Whether wise or not, this is all part of the new and deliberate policy to slam the newspapers. It has been laid down as the rule in the inner council, that no important New Deal speech is to be made over the widest possible network.

The anti-press campaign, however, is not going to stop there. The President is planning to push legislation prohibiting any newspaper from also owning a radio station. He is even considering a radio speech denouncing distortion of

W. HAMILTON WINS DIVORCE: UNCONTESTED

Topeka, Kas., Dec. 29.—(AP)—Mrs. Laura Hall Hamilton was granted a divorce in district court here today from John D. M. Hamilton, Republican national chairman.

The decree was ordered by Judge Otis Hungate after an unexpected trial lasting about an hour. Ralph T. O'Neill, Hamilton's law partner, appeared for the defendant but did not contest the suit.

In addition to the divorce, Mrs. Hamilton was awarded custody of their two children, Daniel, 20, and Laura, 12.

A property settlement has been agreed upon prior to the trial and no alimony was ordered, said John S. Dean, Jr., attorney for Mrs. Hamilton.

Mrs. Hamilton filed suit for separate maintenance last April 21, but recently amended it to ask the divorce decree instead, Dean said.

In her petition, Mrs. Hamilton charged her husband with gross neglect of duty, abandonment for more than a year, and extreme cruelty.

JAPS LAUNCH WARSHIP

Kure, Japan, Dec. 29.—(AP)—A new Japanese aircraft tender, the Soryu, with a displacement of 10,000 tons and a speed of thirty knots, was launched today.

The vessel is armed with a dozen 12.7 millimeter anti-aircraft guns.

Collapses In Court After Innocence Plea

Stevens Point, Wis., Dec. 29.—(AP)—Henry J. Nead collapsed today after pleading innocent by reason of insanity to a first degree murder charge based on the "ghost slaying" of his six-weeks-old foster son.

The 19-year-old Vesper, Wis., youth, nervous during his arraignment in circuit court, fainted as he was led to a jail cell. Deputy sheriffs carried him down two flights of stairs in the court house.

Nead, who Sheriff Henry Becker said confessed he slapped the child to death Christmas Day at the best of the taunting ghost of his dead father, was ordered committed to the State Central hospital for observation until the March term of court.

Land Jap Cargoes

Seattle, Dec. 29.—(AP)—More rain was forecast today for the Pacific northwest, already flooded by a three day storm which caused three train wrecks and disrupted travel and communication.

A fireman was still missing from a Great Northern train wrecked yesterday near Monroe, Wash. The engine and tender went into the Skymonis river.

A trainman was killed when a Canadian National railways engine and tender crashed through a bridge undermined by high water north of Victoria, B. C.

It was a Canadian Pacific train which was caught in a snowslide near North Bend, B. C. One car was almost covered.

Mrs. Clayton Bowers of Ashton is Called

Mrs. Clayton Bowers of Ashton passed away at the Katherine Shaw Bether hospital at 5:20 P. M. Tuesday after being a patient there for some time. Funeral services will be held at 9 o'clock Friday morning at St. Patrick's Catholic church in Rochelle, with burial in the Ashton cemetery. Obituary will be published later.

YOUNG MOTHER RAPED

Chicago, Dec. 29.—(AP)—Mrs. Marie O'Donnell, 30, mother of four children, reported to police today she had been beaten and raped by a youth last night in a prairie near her home. The attack occurred, she said, as she was on her way from a bus to her residence. She is a pharmacist in a south side drug store.

Clear Title

Baltimore, Dec. 29.—(AP)—Two boys who found caches of gold coins valued at \$30,000 in a Baltimore cellar more than two years ago held a clear title to their finds today—but Ted Jones rejoiced alone. His chum, Henry Grob, died several months ago while litigation over their second discovery was pending.

The boys unearthed the gold while burying "documents" of their secret club. Owners of the property vainly contested their right to the money, Circuit Judge Samuel K. Dennis ruling, in effect, "finders keepers."

Dies of Paralytic Stroke Trying To Commit Suicide

Kirkwood, Mo., Dec. 29.—(AP)—T. Griffith, 68, died last night of a stroke of paralysis apparently suffered as he attempted to end his life with a pistol. Sgt. R. R. Reed of the state highway police reported today.

Reed was called to a hotel room when a maid found Griffith lying fully clad and unconscious on a bed. He held a pistol which was pointed at his head.

"I am confident he planned to end his life but suffered the stroke of paralysis before he could pull the trigger," said Reed.

Griffith had been to Poplar Bluff to visit relatives and was returning to Palestine, Ill., where he made his home with a twin sister.

Dr. F. C. Fuerth of Cape Girardeau, Mo., who attended Griffith, said definitely that death was due to paralysis. No inquest has been ordered.

Wife Enroute To Meet Mate Gives Birth To Infant

Chicago, Dec. 29.—(AP)—Victor Lawler Smiley, two weeks old baby who was born "going places" aboard a speeding Santa Fe train enroute from California, arrived here today headed for home in Philadelphia to meet his father.

The young traveler was accompanied by his mother, Mrs. Warren Smiley, 24, who had with her Warren, Jr., 5, and Lois, 2. Mrs. Smiley grinned:

"I had been visiting my parents. Mr. and Mrs. Walter Chadeligh to Redondo Beach, Calif., and as I didn't expect Victor until in January I thought I had time to get home."

"As it was there was just time to wire ahead for a doctor at Victorville, Calif. I named the baby after the town and the doctor—Dr. Ernest Lawler, and I know he'll be at least a president of a railroad, for he was born going places."

Mrs. Smiley wired her husband he had a seven pound son and stopped off for ten days at Barstow, Calif.

Collapses In Court After Innocence Plea

Stevens Point, Wis., Dec. 29.—(AP)—Henry J. Nead collapsed today after pleading innocent by reason of insanity to a first degree murder charge based on the "ghost slaying" of his six-weeks-old foster son.

The 19-year-old Vesper, Wis., youth, nervous during his arraignment in circuit court, fainted as he was led to a jail cell. Deputy sheriffs carried him down two flights of stairs in the court house.

Land Jap Cargoes

Belmont, N. Y., Dec. 29.—(AP)—A farm house fire claimed the lives of four small children and their heroic father who tried to save them early today.

The father, Theodore Oestrich, 48, died in Wellsville Memorial hospital a few hours after his son, Theodore, Jr., 10, succumbed to burns. The bodies of the other three children, Lucille, 6; Jack, 3, and Ruth Eva, 2, were recovered from the ruins of their home two miles east of here early this morning.

More Rain Forecast for Flooded Pacific Northwest; Alaska Storm

Seattle, Dec. 29.—(AP)—More rain fallen this year compared with 54.17 inches in 1887. More than six inches fell in 24 hours this week.

A report from Veronia, Ore., said 100 families were marooned when the upper Nehalem river left its banks.

Seattle's worst downpour since December, 1933, flooded basements, sent tons of mud across streets and caused sewers to dislodge manhole covers and spout like geysers.

Juneau, Alaska, Dec. 29.—(AP)—Arctic winds and snow swept down on southeastern Alaska, keeping pedestrians indoors, paralyzing traffic and delaying ocean-going steamers today.

A trainman was killed when a Canadian National railways engine and tender crashed through a bridge undermined by high water north of Victoria, B. C.

A Canadian Pacific train was caught in a snowslide near North Bend, B. C. One car was almost covered.

TERMINALS IN CHINESE CITY ARE WRECKED

Communications of Port Destroyed by Own Staff

Shanghai, Dec. 29.—(AP)—Chinese, apparently preparing to abandon the threatened Shantung port of Tsingtao, tonight began a campaign of destruction, blowing up all telegraph, cable and radio terminals.

This is the policy the Chinese military has followed in other cities where Japanese occupation seemed imminent.

The explosions, which shook the entire city, cut off all communications, and resulted in the greatest tension among the populace, including 159 Americans who had not yet evacuated.

Two United States warcraft, the cruiser Marblehead and the destroyer Storer, were lying close inshore ready to take out the Amer-

Unacceptable

Tokyo, Dec. 28.—(AP)—The British embassy today informed the Japanese foreign office that it could not accept the Japanese military version of attacks on the British gunboats Ladybird and Bee.

The military section of imperial headquarters yesterday had issued a statement explaining that the attacks were a "mistake" and expressing regrets. Text of the Japanese reply to Britain's protest of attacks was not made public.

One British sailor was killed in the incident, which occurred on the Yangtze river on the same day the United States gunboat Panay was bombed.

Four British coastal ships departed from Shanghai, jammed with foreigners of various nationalities, including Americans, and hundreds of Chinese, mostly of the well to do classes.

Organize Vigilantes

Fearing a breakdown of local authority, foreigners were organizing vigilantes to take control of the city, if necessary, before the expected Japanese entry. They decided to remain unarmed, except for batons, thereby seeking to avoid clashes with armed elements, either Chinese or Japanese, but at the same time preventing further looting and suppressing panic.

Meanwhile, Japan's conquering army claimed "in principle" the right to extend provisions of its military law into Shanghai's international settlement and French concessions, where thousands of Americans and other foreigners make their homes.

The Japanese army spokesman announced the claim, under which troops could enter foreign areas still outside Japanese control and arrest and try "all persons" suspected of crimes against Japan's armed forces.

Japanese forces would proceed cautiously in any cases where Americans and other foreigners holding treaty rights to be tried by courts of their own nations were suspected, the spokesman said.

He stated that the basis of the Japanese claim was "de facto" military occupation and specified it would be enforced in occupied territory. When asked whether Japanese claimed occupation of the international areas, he refrained from answering.

Land Jap Cargoes

Japanes freight cargoes, meanwhile, were being landed in increasing amounts without payment of duties or customs examination.

This caused growing apprehension on the future of American and other firms competing with Japanese and on the future ability of China to pay debts of some \$800,000,000 including external debt of \$180,000,000 to the United States and other countries. The debts are guaranteed by customs receipts.

The new Japanese military law claim brought into prominence again the question of extraterritorial rights—which under current treaty stipulations make all foreigners except Russians and Germans subject only to laws of their own countries.

It came two days after the Japanese army put Americans and other foreigners in China's conquered areas under military law which, among other things, provided death for acts against Ja-

Lee Centerite Calmly Awaits Police and Section Men

William Hart of Lee Center experienced thrills last evening which would have held movie audiences in awe, when he drove his auto on the North Western main line tracks, to a point west of McRoberts crossing, until the motor died and then sat unperturbed in his car until assistance arrived. Speeding streamlined trains west bound failed to disturb the Lee Centerite and he sat on the scene until about 9:30 when railroad workers, officials and peace officers arrived on the scene.

The crew of the fast City of Denver, crack west bound streamlined train, reported at Clinton, Iowa, their first stop west of Dixon, the presence of the car on the east bound main line track west of Dixon. The news was relayed to the local sheriff's office and while Sheriff Miller and Deputy Finch were preparing to go to the scene, a second call was received from the state police radio station east of Sterling. North Western railroad officials at Nelson and Sterling had also been notified and hurried to the scene after east bound main line trains had been halted at Nel-

No will has been reported.

The actor, who earned \$1,750 a week in the movies, gave freely for years to friends down on their luck.

After a conference yesterday with District Attorney Buron Fitts, the first Mrs. Healy dropped her demand for an investigation of Healy's reported beating before his death.

Once again the Dixon Evening Telegraph is sponsoring a stork derby in co-operation with Dixon merchants. The lucky infant born first after midnight, December 31, will have many and varied gifts from the merchants because of his "timeliness."

The baby page appears on page five of today's issue. Rules are simple. The attending physician must attest in writing the hour and minute of birth. The entries must be in the Evening Telegraph office on or before January 10 at 5 p. m. Other minor rules will be found on page 5.

Reed Alarmed By Proposed People's War Referendum

Chicago, Dec. 29.—(AP)—Congressman Chauncey Reed (R-Ill.) said in an address before the Illinois state's attorneys convention yesterday that he viewed "with a great deal of alarm" the proposed referendum on war.

Reed is a member of the House judiciary committee before which the Ludlow resolution proposing such an amendment to the Constitution is pending. The measure would deprive Congress of power, except in cases of invasion, to declare war without submitting the question to the people.

"If such an amendment is passed," the congressman asked, "what will the enemy be doing while the people of the United States are deciding if this country should go to war?"

Reed said he "feared" the measure would pass the House before the people became aware of its dangers.

Son of Watch Firm Magnate Critically Hurt in Collision

Chicago, Dec. 29.—(AP)—Deforest Hubard, Jr., son of the former president of the Elgin National Watch Company, was critically injured last night in an automobile collision in suburban Lake Bluff. Physicians said he suffered a skull fracture.

Hubard, a Yale university student who was home for the holidays, celebrated his 21st birthday anniversary yesterday.

His automobile collided with a car driven by Lieut. J. W. Gubbins, 49, U. S. A. Gubbins was not injured, but his parents, Mr. and Mrs

Diplomatic Strip Teaser

Most popular young lady with the Washington Diplomatic Corps is Anne Corio, strip teaser at the local burlesque show.

On the stage, Miss Corio is reported to draw \$1,000 weekly. But off-stage her chief appeal is a genuine naturalness. No one would suspect her of being a strip teaser.

The other evening a young man-about-town telephoned Miss Corio to invite her to dinner.

"I'm so sorry," she said, "but I'm dining with Prince del Drago to-night and No. 2 man in the Italiani and No. 2 man in the Italiani." (Del Drago is Prince ofian Embassy.)

"Well, how about tomorrow night?"

"Oh, I'm dining with Kippy Schell tomorrow night." (Baron Schell is secretary of the Hungarian Legation, called "Kippy" because he once was a kippered herring salesman.)

"Oh, you're so sweet, but the next night I'm dining with the Minister of Alcancia." (Falk Konitz, Minister of Alcancia, is famous for having the most delectable dinners in Washington.)

The young man was so irate that he called up Miss Corio's manager and complained that she was giving him the run-around. However, he confirmed the fact that she had all of the above engagements.

New York Governor

Dixonites Attend Golden Wedding Fete in Tampico

Mr. and Mrs. Charles Darby, Sr. of Tampico were honored at a 1:00 o'clock three-course dinner Sunday in observance of their 50th wedding anniversary. The dinner was served in the home of their son and daughter-in-law, Mr. and Mrs. Hubert Darby, with the following members of the family present: John Darby of Springfield, Mr. and Mrs. Tom Darby and family of Cresco, Iowa; Mr. and Mrs. Lawrence Darby of Dixon; Mrs. Margaret Wolfe and son Donald of Chicago, Mr. and Mrs. James Darby and Mr. and Mrs. Hubert Darby of Tampico. Other guests were Miss Nell McCormick of Chicago, Fr. T. O. Maguire of Tampico and Lawrence Steinke of Deer Grove.

The centerpiece for the dining table was a beautiful bouquet of yellow chrysanthemums. Gold candles were placed at either side of the bouquet. The ceiling of the dining room was festooned with streamers of gold crepe paper. A prettily decorated three-tier cake with the dates Dec. 26, 1887-1937 on the top was made by Mrs. James Darby and was a feature of the dinner. The decorations in the other rooms of the home were in keeping with the holiday season.

During the afternoon the many friends and acquaintances of Mr. and Mrs. Darby called to extend congratulations and best wishes. The honorees were the recipients of many telephone calls, telegrams, cards, letters, flowers and gifts. Supper was also served to the family in the Hubert Darby home.

THE ROAD TO RECOVERY

Coalitions of democrats and republicans as an entity proposing legislation for furtherance of economic recovery is not practical. Activity of individuals with recovery legislation as their common purpose is practical and was appearing in the foreground in the closing days of the special session of congress.

Several democratic senators indicated a willingness to sign articles of purpose, but circumstances pointed to the better arrangement by which the articles should be given publicity, that they might attract senators from time to time and lead to a common ground of recovery legislation.

Ten "paramount principles and objectives" were set forth by a group consisting mainly of democrats, the declaration favoring:

Immediate and thorough revision of the capital gains tax and the undistributed profits tax.

Steady approach to a balanced budget through reduced expenditures.

An end of coercion and violence by either labor or capital in labor relationships, with the government remaining impartial and intervening only as a last resort.

An end of government competition with private enterprise, and, instead, encouragement to legitimate institutions assisting the flow of private funds into investment.

Recognition of the right of reasonable profits and the maintenance of competition as against private government monopoly.

Security for legitimate industry as the basis of maintaining values.

Reduction of the tax burden.

Maintenance of state rights and local self-government.

Non-political, economical relief to the needy, with county, city and state responsibility emphasized.

Reliance upon private enterprise and initiative, self-reliance and ambition.

These articles were prepared under the title, "An Address to the people of the United States."

They were read into the Congressional Record on the floor of the United States senate by Senator Josiah W. Bailey of North Carolina, who is entering his second term and is showing qualities of statesmanship.

Because of the more practical policy we have mentioned, the articles are not being signed. Signatures carry a sort of obligation that may become embarrassing to honorable gentlemen, whereas an understanding of the general purpose offers the necessary elasticity required when men deal with the bills in written form.

Identified along with Senator Bailey in this declaration of purpose are Senators Edward R. Burke of Nebraska, Harry F. Byrd of Virginia, Royal S. Copeland of New York, Walter F. George of Georgia, Peter G. Gerry of Rhode Island, Carter Glass of Virginia, William H. King of Utah, Ellison D. Smith of South Carolina, and Frederick Van Nuyts of Indiana, all democrats.

Less active in behalf of the principles and objectives set forth, but reported sympathetic with them are Senators Alva B. Adams of Colorado, James F. Byrnes of South Carolina, Bennett Champ Clark of Missouri, Vic Donahue of Ohio, Rush D. Holt of West Virginia, Francis T. Maloney of Connecticut, A. Harry Moore of New Jersey, M. L. Tydings of Maryland, and David L. Walsh of Massachusetts all democrats.

When the items were read into the Congressional Record, it was asserted by supporters that from time to time and item by item, the president was committing himself to the purposes outlined in them.

TO REDUCE ROLLS

Detroit, Dec. 29—(AP)—William S. Knudsen, president of General Motors Corp., announced today that employment in General Motors plants throughout the United States would be reduced by approximately 30,000 employees effective January 1, while he is on his way.

TEMPERANCE HILL

By MRS. W. J. LEAKE

Temperance Hill—Mr. and Mrs. David North and son Leonard, Mr. and Mrs. Harold North and son Edwin David, Tom Barnes and William Oakes of Lee Center were Christmas dinner guests Sunday at the home of Mr. and Mrs. Orville Dewey of Lee Center.

"Our economic system must be such as to stimulate ambition, afford opportunity, and excite in each boy and each girl a sense of responsibility to produce to his capacity."

These articles as a whole are in that simple, clear language that long has been the language of the American people. They rise above the hates, the name-calling, and the destructiveness that are excusable in days of ill humor of a people, but are dangerous if carried too long.

They re-state American principles as a common ground for uniting of Americans.

Item No. 10 is introduced with the following paragraphs:

"We propose to preserve and rely upon the American system of private enterprise and initiative, and our American form of government. It is not necessary to claim perfection for them. On the record they are far superior and infinitely to be preferred to any other so far devised. They carry the priceless content of liberty and the dignity of man. They carry spiritual values of infinite import, and which constitute the source of the American spirit. We call upon all Americans to renew their faith in them and press an invincible demand in their behalf..."

The relief problem is dealt with in part in the following lines:

"To be done well, this must be done economically, with the view of encouraging individual self-reliance, the return of self-dependence at the first opportunity, and the natural impulses of kinship, and benevolence, local responsibility in county, city, and state, and without the slightest catering to political favor. Administration of relief ought to be non-political and non-partisan, and temporary."

Two Suffocated
In Hotel Fire

Jersey City, N. J., Dec. 29.—(AP)—Two persons suffocated today in a spectacular three-alarm fire which endangered the lives of scores of others and damaged the city's largest hotel.

Mrs. Ida Thomas, 50, Negro head maid, and William Marx, 24, a house boy, were overcome by the dense smoke which coursed through the eight-story plaza and failed to respond to respiratory efforts. They were pronounced dead three hours after the fire was brought under control.

Marx, witnesses said, died a hero. Frantically arousing guests in their rooms; he pounded on door after door before falling in a hallway.

Ellen Sullivan, the hotel's 26-year-old telephone operator, was on the danger list at the medical center. She remained at her post to call help until the ground floor flames hemmed her in. Finally running through the blaze to safety, she suffered severe burns.

Mr. and Mrs. Clarence Brill of Harmon were callers in Dixon Tuesday afternoon.

George Rosbrook of Nelson township was in Dixon Tuesday shopping.

Paul H. Smith of South Dixon township motored to town Tuesday to trade.

E. J. Allison of Sterling was a visitor here Tuesday afternoon.

William Dickey is spending a few days in Des Plaines visiting a brother.

Miss Alice Street, daughter of Mr. and Mrs. Lester Street, will spend New Year's Day with her aunt and uncle, Mr. and Mrs. Horace Street, in Minneapolis, Minn., after which she will return to her studies at Coe college at Cedar Rapids, Ia.

Mr. and Mrs. L. E. Sharpe and daughter are visiting relatives in LaPorte, Ind.

Miss Gale Tooley is spending this week at the home of her grandparents, Mr. and Mrs. William Spohn of Mendota.

Mr. and Mrs. Harold Settles and daughter Jo Ann returned to their home in Rushville, Ill., after a holiday visit with Mrs. Settles' parents, Mr. and Mrs. Fred Ball.

Sgt. James Keeley said Miss Margaret Reilly, 18, identified Russell as the man who raped her on Sept. 7, 1936, after forcing her to accompany him in an automobile.

Police records also showed Russell had been questioned here on Thanksgiving Day, 1936, his wed-
ding day, about robberies in Texas, Oklahoma and Colorado.

He said then the police had been "misinformed" by a former girl friend.

Russell was arrested last night at his home here after his wife, Mary, complained he had threatened to shoot her.

ATTACKS BIG BUSINESS

Philadelphia, Dec. 29.—(AP)—Asst. Attorney General Robert H. Jackson accused "big business" to day of going on a "strike" against the government in an effort to liquidate the New Deal.

The administration's anti-monopoly crusader in an address prepared for delivery before the American Political Science Association said big business had seized upon the recession "as a cudgel to whack concessions out of government."

The checks were handed out in the court of Judge James F. Hardy, and included one to the Smithsonian Institute in Washington, D. C., for \$4,500, and one for a like amount to the Yerkes Observatory at Williams Bay, Wis.

Checks for \$40,000 each were given to the Chicago park district and the Museum of science and industry, and \$32,000 was given to the Chicago Art Institute. One for \$16,000 went to the Adler Planetarium trust. The remainder went to keep up public displays.

By going over a newly laid concrete road with a vibrator, it is possible to eliminate much of the water mixed in with the cement. The result is a much firmer road.

TAPER OFF
FOR GAMES

Coaches Worried By
Injuries, Curious
Fans, Climate

By The Associated Press
The tapering off process starts today for the 12 squads engaged Saturday's extra season football warfare. Climatic conditions, injuries and hordes of inquisitive spectators constituted the main worries of the assorted coaches as the teams went into the last phase of training.

The news from the fronts: Rose Bowl—Secrecy is the key-note at Pasadena with both Alabama and California working behind locked gates. Henry Sparks, reserve end, is still limping and the Bears may not be able to use him Saturday. From Alabama's hideout comes word that Captain Leroy Monsky's eye injury will be protected by a special mask.

The Crimson Tide is one up in scouts. Alabama's coach, Dr. Richard C. Foster, watched the Bears drill yesterday.

Sugar Bowl—Louisiana State refurnished its aerial attack, its best weapon this season, for the meeting with Santa Clara. The fact that Coach Bernie Moore chose to spend the last real scrimmage on aerial plays yesterday strengthened the belief that the Tigers will strike through the air against the Crimson.

Strenuous Owl Workout

Cotton Bowl—Rice held its final strenuous workout yesterday in a heavy rain, which lengthened the odds on Rice. The Owls have three complete backfields to pit against Whizzer White, Colorado's one-man attack. Both teams expect to ease down today after long drills yesterday.

Orange Bowl—Coach Jack Meagher says his three teams of Auburn Plainsmen are "ready" but there's only a loud moan from Michigan State's Charlie Bachman in answer. While Bachman ordered more energy and thought in rehearsals, Meagher announced "we're ready, all but polishing up."

Sun Bowl—Emmett Moan, West Virginia's towering halfback, continues to amaze Texans with his passing—no mean feat. Texas Tech's own passer, Gene Barnett, was outstanding yesterday, too, which indicated an aerial battle at El Paso. Coach Marshall Glenn of the West Virginians is vexed by his team's light heartedness as it nears the end of training.

East-West—Coaches Bernie Bierman and Andy Kerr of the east team ruled out lateral passes, a favorite weapon at Minnesota and College, yesterday, on the ground that the players had not worked together enough. The West coaches, on the other hand, came out squarely for "any plan that will gain a yard." Neither side has decided on starting backfields or lines.

COHEN NEWCOMER

To take the place of Johnny Cooney, who left the big leagues as a pitcher and came back as an outfielder, Brooklyn's 1938 training camp will present Alta Cohen, who joined the Flatbush Fusiliers as an outfielder in 1931, but was a good enough pitcher this year to win 15 for Toledo against 8 defeats.

A new automobile heater heats the front and back seats and also defrosts the windshield.

BRONCOS RIDE FOR MORE SUGAR IN SUGAR BOWL

Louisiana State knows just how hard these University of Santa Clara Broncos ride, for the Californians defeated the Tigers, 21-14, in the Sugar Bowl, Jan. 1, 1937. The teams are back for an encore in the New Year's Day fixture in New Orleans. Members of the unbeaten and untied Pacific coast outfit swinging into action above, are, in the line, from left to right: Bryce Brown, Alford Wolf, Leslie Cook, Phil Dougherty, Louis Farasyn, Francis Cope, and Jim Coughlan. The backs, from left to right, are Tom Gilbert, Everett Eisher, Jim Barlow, and Jules Perrin. Chuck Pavelko, star quarterback, is not in the picture.

Sterling Knocks I. N. U.
Out of First Place By
19-14 Count; Wires WinReynolds Escape
From Basement 33
To 28

Vivid scarlet, so bright that fans almost had to wear their dark-colored spectacles to dim the eyesight of the Sterling Walz Lunch basketeers Tuesday night as they turned in a convincing 19 to 14 triumph over the I. N. U. and took undisputed possession of first place in the Industrial league standings.

The Utilities team were all decked out in gaudy red with white I. N. U. letters on their brilliant jerseys. This was calculated to justify the faith of the firm in its basketball team which had not met defeat yet. The boys must have been too busy looking themselves over during the game for they missed almost everything from ordinary passes and set-up shots—what few they could try to free throws.

Stout Defense

Sterling on the other hand presented as neat a man to man defense as has been seen here this year. In addition the invaders were nothing short of phenomenal at basket shooting. The first part of the game they seemed able to drop them in from anywhere on the floor making at least ninety per cent of their tries from well beyond the foul line. No individual star appeared in Sterling's attack. The scoring was evenly divided among all the players. When Bailey was inserted in the game as guard his long shots drew out the I. N. U. defenses and permitted the Whiteside county team to dash in for close-ups that scarcely ever failed.

Sterling hopped into a 6 to 2 first quarter lead and again outscored the Electricians 6 to 2 in the second period for a 12-4 half time advantage permitting the locals only one

bucket the entire first half. This was made by Joe Hall, former Little Nineteen all-conference forward in the first part of the opening stanza.

The Utilities five started a last period rally that threatened to produce something tangible until the Sterling team took a time out period. The I. N. U. immediately cooled off and when the game began again Miller and Hilliker both missed two free shots each and the locals no longer endangered their rivals.

Scappy As Ever

In the first contest the Dixon Evening Telegraph five as usual gave the Reynolds Wires a run for its money but was unable to stem a determined comeback which the Wires launched in the third quarter. Trailing 22 to 17 the Factory crew woke up and Spicy Cinnammon and Reback started hitting the ring with their speciality shots from all positions. Reback regained enough of his old high school form to flip in a pair of these sensational buckets in the third period.

Reynolds led 9 to 5 in the first quarter but the Newsboys tied the count at 13-13 when Wendt slipped in for a close-in shot just before the half ended. In the third quarter Naylor got loose for a pair of buckets along with Wendt to boost the press into a 20-15 lead before the Wires recovered from their daze long enough for Joe Murphy to drop in a basket from the side. The third quarter found the Wires regaining a 25-23 lead. They were never out of danger completely until the end of the contest however.

Student Editorial

This is getting to be the time of year when we need to think of New Year's resolutions. If we keep them we correct many faults and if not—well, we tried at least.

In regard to our school life, there are many things that could be helped. If we could only learn to keep candy wrappers off the floor, I'm sure our janitor would have something to be thankful for.

Many of us have the bad fault of leaving study hall in our free periods. When that happens our teachers can't find us and very few people study unless they have to.

Nobody expects perfection, least of all our long-suffering teachers, but I'm sure they would appreciate any change for the better, so let's try.

F.D.R. ADVISES BUILDING WAR FLEET FASTER

Treaty Strength Be- fore 1942 Is Goal Of Executive

Washington, Dec. 29.—(AP)—President Roosevelt, announcing the projected construction of two new battleships and 16 lesser craft left a distinct impression today has "growing concern" over international conditions might prompt him to ask Congress for even more naval armament.

"Facts are facts and the United States must recognize them," he said in a letter yesterday to Chairman Taylor (D-Colo) of the House appropriations committee.

Citing the failure of his own efforts to arrest the world armament race, the president added:

"The fact is that in the world as a whole many nations are not only continuing but are enlarging their armament programs."

Mr. Roosevelt emphasized at a press conference, however, that the prospective increase in this country's fleet was not a part of a "preparedness program." Some observers interpreted his action as reflecting a desire to hasten the achievement of maximum naval strength which under present policy would not be attained until 1942.

The number and types of new vessels which may be recommended, the chief executive said, still are subject to study. Naval officers said the fleet now is most deficient in auxiliary vessels and under age destroyers. They also said battleships soon to reach over age status should be replaced.

No Specific Nation Named

The president's letter said specifically he was not referring to any one nation as threatening the peace of the United States. It was noted also, that it did not mention the recent sinking of the American gunboat Panay by Japanese war planes, which precipitated a critical diplomatic incident.

He wrote:

"The preliminary estimates submitted by the directors of the budget to the naval subcommittee were prepared sometime ago and called for appropriations to commence during the fiscal year 1939 two battleships, two light cruisers, eight destroyers and six submarines."

"Since that time world events have caused me growing concern. Under the Constitution the president is commander-in-chief of the army and navy and has, therefore, a very specific duty to safeguard the defense of national interests. x x x

"Will you, therefore, be good enough to inform the subcommittee on naval appropriations that after the next session of the Congress has met, it is possible that I may send supplementary estimates for commencing construction of a number of ships additional to the above program?"

\$50,000,000 Increase?

Unofficially it has been reported that the original budget estimates for 1939 will call for an increase of \$50,000,000 over the current naval appropriation of \$518,000,000. This increase might be widened considerably if funds for additional ships are supplied.

Traffic Toll

National Safety Council Sees All Time High for Year

Chicago, Dec. 29.—(AP)—The National Safety Council predicted today traffic deaths in the nation during 1937 would approximate 40,000, an all time high.

Ever mounting, the traffic toll was 37,800 in 1936, and 37,000 in 1935, the council said.

During the first 11 months of 1937 traffic deaths numbered 35,610, a six per cent increase over the toll in the corresponding period of 1936.

On a mileage basis, the council reported, there has been "no actual increase in the traffic death rate." Gasoline consumption, the means of estimating mileage, increased six per cent, approximately the same as traffic deaths for the 11 month period.

There were 4,290 persons killed in December, 1936. Traffic deaths during the current month would have to show a 50 per cent reduction to keep the year's total as low as that in 1936. The council said statistics showed such a decrease was "out of the question."

The year's statistical picture of highway slaughter disclosed few bright spots. One was the 10 per cent drop in November as compared with the preceding month and with the same month a year ago. Another was a report showing 1937 had fewer traffic deaths in 1937 than last year.

The council reported 11,960 pedestrian traffic deaths for the first 10 months of the year, the latest figures available. This represented a six per cent boost over the number of the corresponding 1936 period.

More favorable safety records were compiled during the first 10 months of 1937 by children than by their elders. There were eight per cent fewer deaths among children under five, in contrast with an eight per cent increase among persons between 15 and 24, a nine per cent boost in the 25 to 64 age group, and a 17 per cent rise among persons over 65.

Everett, Wash., with a population of 31,100, was the largest city in the nation having no traffic deaths for the first 11 months of 1937. Milwaukee held the leadership among cities with more than 500,000 population. The Wisconsin metropolis had a traffic death rate of 10.4 per 100,000 population. The average for cities of its class was 17.7.

Returning early in the evening, she failed to notice her husband's body lying by the front steps. A few minutes later a passerby discovered Mr. Dewey and notified police. Dr. R. P. Culver, DeKalb county coroner, declared Dewey had been dead only a few minutes before his body was discovered.

Judge Zick, who is 58 and a life-long resident of Ogle county, is slated to succeed Leon A. Zick, who was elected circuit judge of the 13th district on December 7. Zick has sent his resignation as county judge to the state in the afternoon.

Mrs. Dewey, 25, told police that with his parents in Malta the last several months, called at her home and threatened her. She managed to escape from the house and went to Sycamore, where she swore out a warrant for Mr. Dewey's arrest.

Didn't See Body

Statuing the case "unquestionably was a suicide," Dr. Culver announced that Dewey had placed the barrel of a 20-gauge sawed-off shotgun in his mouth and pulled the trigger. Death was instantaneous.

The United States fleet is considered superior in heavy battleships and air forces. The British fleet excels in striking power, while the Japanese and Italian are given first rank in submarine equipment.

When Engine Dived Over Wall

Puffing into the yards at Pittsburgh, a Pennsylvania passenger train struck a boulder which had rolled onto the tracks, leaped the rail and plunged 30 feet over the retaining wall shown at left to shatter into the wreckage pictured here. Engine, tender and diner went over the wall, killing Engineer Oscar E. Rhoads and Fireman William H. Strous. Several porters were injured.

Shot Self on Porch as Estranged Mate Was Seeking Warrant

Walter Dewey of DeKalb, aged 27, shot and killed himself on the steps of his estranged wife's home late Tuesday afternoon while Mrs. Dewey was at a justice of the peace's office swearing to a complaint that he had threatened her earlier in the afternoon.

Mrs. Dewey, 25, told police that with his parents in Malta the last several months, called at her home and threatened her. She managed to escape from the house and went to Sycamore, where she swore out a warrant for Mr. Dewey's arrest.

ADMINISTRATION TO WAGE BATTLE ON ITS CRITICS

Decks Being Cleared in Washington for War to the Finish

Washington, Dec. 29.—(AP)—Three developments gave fresh support today to the belief expressed by many officials that the Roosevelt administration would make an active campaign against its business critics:

1. Reports reached congressmen from high administration sources that the President at a recent cabinet meeting endorsed the principle of the Borah-O'Mahoney bill to license interstate corporations.

2. Senator Norris (Ind-Neb.) a Roosevelt backer, suggested the Senate renew its investigation of lobbying in an effort to offset what he termed "organized propaganda" against the President's legislative proposals.

3. Secretary Ickes announced he would deliver a radio speech tomorrow night on "It is Happening Here." Associates predicted he would discuss relations between government and business.

The reports concerning Roosevelt's views on the corporated licensing bill encouraged its friends to believe it might become the chief vehicle for the administration's proposed attack on the monopoly problem.

Has Made no Outline

In his last "fireside chat" Roosevelt declared there was need for tightening the anti-trust laws, but he has not outlined publicly any proposed legislation.

He was reported by usually well informed persons to have said the Borah-O'Mahoney bill did not "go far enough." It provides that an enlarged Federal trade commission would charter corporations engaged in interstate or foreign commerce licenses could be denied to firms violating the anti-trust laws.

Denunciation of monopolies Sunday by Assistant Attorney General Robert H. Jackson had led to speculation that the President would touch on the subject in his message to Congress next Monday. Roosevelt said he probably would deliver the message in person.

"Up to President"

Norris, in his demand for a lobbying inquiry, said that "if anybody is going to do anything about the business recession, it will have to be

Before Grounded Hoover Broke Up

Silhouetted against the darkening background of the almost unknown island of Hoiosho, off the southeast coast of Formosa, the \$8,000,000 Dollar Liner President Hoover is pictured here after she went aground and before she was broken in two by pounding waves. The vessel's 435 passengers were landed on the island and later taken to Manila by another Dollar liner, the McKinley. The strange course taken by the ship to avoid Shanghai battle areas was blamed for the wreck.

the President, because business won't."

Utility and other large corporations, he declared, are in league with most newspapers "to fight everything the President wants."

Norris said a revival of the Senate inquiry, started in 1935 under Hugo L. Black, would "bring out things that would open the eyes of the country." The House revolt against the administration's wage-hour bill, he asserted, was traceable to strenuous lobbying activities.

Suggest Compromise

A compromise with Roosevelt on his demand for reduced highway aid was being considered by legislators favoring continued road expenditures. They suggested canceling some funds already appropriated but not yet spent by the states.

Roosevelt, on the other hand, had suggested canceling a \$214,000,000 appropriation authorized for 1939, and limiting future appropriations.

Senator Hayden (D-Ariz.), preparing to submit the proposed compromise to a Senate committee, has asked the bureau of roads for a breakdown of the unexpended amounts allotted to the states. Bureau estimates on Nov. 30 indicated there was on hand about \$149,000,000 not tied up under contract.

Another administration economy proposal—a \$124,000,000 reduction for the Civilian Conservation Corps—encountered opposition among legislators. Chairman Johnson (D-

9 MORE STATES ATTACK HASTY WEDDINGS, 1937

Revising Laws With Ob- ject Of Halting This Practice

Chicago, Dec. 29.—(AP)—Seven more states in 1937 enacted or revised laws designed to prevent hasty marriages, the council of states government reported today.

Twenty-five states now have laws requiring waiting periods between marriage license applications and actual wedding ceremonies. Delaware has the shortest, 24 hours, and Wisconsin the longest, 10 days.

The council's survey showed two states require two day wait; eight states and the District of Columbia, three days; 13 states, five days.

The seven states which acted this year to thwart marriage ceremonies often performed in the early morning hours with gin as a bridesmaid and divorce hovering in the background were Illinois, Iowa, Maryland, Minnesota, New York, Tennessee, West Virginia, Wisconsin and Wyoming.

The council said several of the nation's best known "gretna greens" were eliminated by new laws in Maryland, West Virginia and Illinois. But California, Mississippi, Ohio and other states which had rigid statutes learned that impatient couples found accommodations in neighboring states.

Marriages Boomed

The new Illinois law requiring a three day wait boomed the marriage industry in Crown Point and Valparaiso, Ind., convenient to Chicago, but Gov. M. Clifford Townsend of Indiana urged his state to follow its neighbors in anti-hasty marriage legislation.

The council said Alabama, North Dakota and Wyoming in 1937 passed laws requiring the prospective bridegroom to submit to examination for social disease, and Illinois, Michigan, New Hampshire, Oregon and Wisconsin made this a requirement for both man and woman.

The New Hampshire law becomes effective Oct. 31, 1938, and the Oregon measure is subject to referendum in 1938.

Ten states now require one or both parties to a marriage contract to submit to social disease examination.

A new type of highway, with soil held together by a cement or asphalt binder, is said to be cheaper than any other kind of road, especially in areas where there is no supply of rock.

It is safest on icy roads, when driving down to allow your motor to act as a brake.

\$140 MONTH OPPORTUNITY

WEST BROOKLYN

By Henry Gehant

West Brooklyn.—Patricia Lee, seven-month-old daughter of Mr. and Mrs. Hobart Simmons of Manchester, Ia., passed away on Christmas morning at the home of Marion, Ill., where Mr. and Mrs. of her grandparents who reside in Simmons and family were spending the holidays. The child was ill for only a few days when death came to relieve her suffering. The remains arrived here on Sunday afternoon and were taken to the home of Mr. and Mrs. J. H. Michel, Mrs. Simmons' parents. Funeral services were held at St. Mary's Catholic church on Tuesday morning at 10 o'clock with Rev. R. A. Horner officiating. Interment was made in St. Mary's Catholic cemetery. The parents, one brother, Ronnie, the grandparents, Mr. and Mrs. J. H. Michel, of this place and Mr. and Mrs. Simmons of Marion, Ill., remain to mourn the infant's death.

Rev. Bernard Schuette, 74 years of age, died at St. Charles hospital, Aurora on Wednesday morning after a long illness. Funeral services were held on Monday morning at 10:30 at S. S. Peter and Paul Catholic church in Naperville. Rev. Schuette was pastor at Maytown, Sublette and West Brooklyn many years ago. A few months ago he attended the annual dinner given by St. Mary's parish and renewed his acquaintance with many of his former parishioners.

Christmas Party

A Christmas party was held at the home of Miss Helen Mackin, Wednesday evening in honor of the pupils of the Weishaar school and residents of the same district. A radio program was given by the pupils and later Bingo was played. Fifty guests attended the party. Santa dropped in to greet the children and remembered each with a gift. At the close of the happy evening a delicious lunch was served by the hostess.

Wm. Auchstetter suffered an injury to his arm and shoulder when he fell on the ice Friday morning. He was taken to Mendota on Monday afternoon by Dr. White where an x-ray was taken to determine the extent of the injury.

Miss Ruth Mackin of Rockford and Miss Bernadette Schwindaman of LaSalle spent the weekend at the home of Mr. and Mrs. Chas. Mackin.

Guests at the H. H. Danekas home on Sunday included, Mr. and Mrs. Ben Schultz, Harold Kelly, Mr. and Mrs. Raymond Danekas, son Jimmie, of Milledgeville, Mr. and Mrs. Henry Danekas and children of Paw Paw, Mr. and Mrs. Forest Coffey, of Mendota, Mr. and Mrs. Rollie Minor, and daughter Marlene.

Mr. and Mrs. William Auchstetter entertained at dinner on Christmas day the following guests Mr. and Mrs. Oester, Aurora; Mr. and Mrs. Floyd Irwin Compton; Mr. and Mrs. Charles Bauer, of Compton; Charles Irwin and Miss Betty James Jones.

Mr. and Mrs. George Jones entertained at their home on Sunday evening at several tables of 500.
